**2019 NEW AND REMOVAL & REPLACEMENT OF
CONCRETE CURB & GUTTER AND SIDEWALK**
ADDENDUM #1

Date: 4/1/2019

ADDITIONAL INFORMATION REGARDING THE JEFFERSON PEDESTRIAN PLAZA

The Concrete thickness shall be 6".

Asphalt removal and rough grading of subgrade will be provided by the City.

Planters and benches will be provided separately by the City.

The color shall be "Red Brick".

MISCELLANEOUS ADDITIONAL INFORMATION

Industrial panels shall be 8" thick. The panels shall be pinned on 24" spacing. The pins shall be provided by the City.

High-Early is not typically required. If it is required, the City will pay the additional cost of the concrete mix.

The contractor is responsible for bedding on Remove & Replace items.

On new items, rough grading of subgrade will be provided by the City and the contractor will be responsible for final grading. The subgrade aggregate will be provided by the City for "New" items.

Indicate on your bid form the receipt of this addendum.
